

Junior Riding Staff **@ Camp Sealth Horse Workshops**

THE BASICS

Horse workshops are designed to give kids additional horse time and improvement of riding skills throughout the year. The Junior Riding Staff option allows advanced riders the chance to stay involved, gain experience with leadership and teaching younger riders, plus more individualized riding instruction.

As a Junior Riding Staff, you'll be helping with activity set-up, and assist with arena lessons, and leading games and activities on the ground. At the end of the day, you'll have an extended program to allow you to work on your riding skills.

Available both Saturdays and Sundays, Spring 2012

WILL I HAVE THE CHANCE TO RIDE?

Yes! While during the day you'll act as an assistant and helper around the barn, after the younger kids groups are finished and headed home, you have the option to stick around and receive more individualized attention in a smaller group lesson with other Junior Riding Staff. This will give you the chance to talk with the workshop staff and set goals for yourself, focus on the skills and information you want to learn more about, and experience some more in-depth, hands-on programming just for you!

TRANSPORTATION & COST

Transportation is provided from the ferry terminals to and from camp. The cost is \$50 per person per workshop.

HOW TO REGISTER

Registration for Junior Riding Staff is the same as registration for Horse Workshops. Follow the link from campsealth.org/horseworkshops, and make sure to scroll down to the Junior Riding Staff section to select your dates.
